CREATING OPPORTUNITY

We build education and training programs that are synergistic and timely. Accreditation that keeps pace with industry change.

Our customizable education packages make it easy for you to integrate into existing curricula, or offer it on its own to your learners.

At TraversEd we don't just launch careers. We prepare for the future and create opportunity.

PARTNER WITH US

COLLEGES & UNIVERSITIES

Many international business, supply chain and global logistics programs do not offer in-depth coverage of the specific competencies required to fulfil the complicated role of an International Freight Forwarder.

TraversEd will ensure that your students receive specific education on the competencies sought by employers.

Course material can be provided for online, blended or classroom delivery

Developed by subject matter experts over the past 30 years, and continually updated to stay current

Easy to integrate course material that fits within the length of an academic semester

Course material is designed for an international audience, and is relevant globally

STAND OUT WITH GOLD-STANDARD ACCREDITATION

Our TraversEd certificate courses cover the competencies required of a freight forwarder, from land, air, and ocean shipping, to dangerous goods, and beyond.

Three tiers make it easy to build expertise.
HOW CERTIFICATION WORKS:

Tier I

Completion of 1 course

- International Transportation and Trade or
- Essentials of Freight Forwarding

Tier II

Completion of 2 courses

- International Transportation and Trade
- Essentials of Freight Forwarding

Tier III

Completion of 3 courses

- International Transportation and Trade
- Essentials of Freight Forwarding
- Advanced Freight Forwarding
